

WOMEN'S RUGBY AUSTRIA

Team Austria European Championship
Theme Song

All The RUGBY Ladies

Rugby Spoof on Beyonce's "All The Single Ladies"

All The RUGBY Ladies (x7)

Now put your hands up
Out on the pitch, we kick the ball
We're running up the field
Decided to hit and now we gonna kick
Yeah some nice asses out there

I tackle her, she tackles me
In the name of RUGBY
Just stay fair, don't pull her hair
About pain we don't care

[Chorus]
(Cause) if you like it then you wanna keep playing it
If you like it you wanna keep playing it
Don't get mad if you get hurt playing it
If you like it then you wanna keep playing it
Oh (x28)

Got bruises on my hips, scratches on my knees
Just got punched in the face
Hurry up, back to my feet
(Cause) my teammates need me

Need no permission, did we mention
Just start paying... ATTENTION
You had you turn
Now you're gonna learn
What rugby's all about

[Chorus]
(Cause) if you like it then you wanna keep playing it
If you like it you wanna keep playing it
Don't get mad if you get hurt playing it
If you like it then you wanna keep playing it
Oh (x28)
